TIMING TRANSPONDERS

Racers will collect their timing transponders on Sunday morning in front of awards stage Skiers Plaza Whistler Village.

Timing transponders will be collected at the finish of the race.

Racers who withdraw or do not complete the race should return the transponders to the finish. Lost or damaged transponders will be assessed a \$125 CAD replacement fee.

BIKE MARKING

Racers must use the same bike (frame, fork and wheels) for the duration of the race. If one of these parts break (frame, fork, rear swingarm and wheels), riders have to report it to the race director. In the case of a replacement of a part or the entire bike, a 5-minute penalty will be given if the rider reports it to the race director (with the penalty assigned to the Stage when the replacement is made). If not reported, the rider will be disqualified.

Official event bike marking stickers (5 total) will be included in the race package. Stickers need to be applied to the top tube of the frame, right side of the rear swing arm, right crown of the front forks and each wheel rim.

START LIST and START PROCEDURES

Start List will be published after onsite checkin closes (11h00 Saturday).

Any racers who have not checked in / collected their race plate by 11h00 Saturday will be removed from the start list.

Riders will be issued a sticker with their individual stage start times on Sunday morning at the start platform (same time / location that they will be issued the timing transponder)

Racers will have preassigned start times for all 5 stages.

Late racers will be given the following penalties:

up to 5 minutes late = 1 minute penalty.

5+ minutes late = 5 minutes penalty

Any racers arriving at the start of a race stage later than 30 minutes after their specified start time, or once all other racers in their category have started, will be assigned a DSQ for the race and should not complete any other stages.

A 1-minute interval will be added every 20-30 riders to allow a clear gap to start riders who have missed their start. All late riders must start, under instructions from the official starter, within each 1-minute gap. There is no fixed start interval between late starters as the goal is to keep late riders racing, without affecting other riders on course. Late starters will receive a fixed penalty

If a racer is delayed reaching the start as a result of assisting an injured rider or due to some other exceptional circumstances beyond the racer's control (which the rider can provide evidence for), the time penalty may be waived and / or the racer may be permitted to repeat the stage.

Any racer affected by a 'significant incident' during a transition or special stage should immediately report to the finish or start official of the affected stage (as applicable).

The Race Director has the final right to change start times during the race in case of any unforeseen circumstance.
