### START LIST and START PROCEDURES

Start List will be published after onsite checkin closes (09h30 Friday).

Any racer who has not checked in / collected their race plate by 09h30 Friday will be removed from the start list.

Riders will be issued a sticker with their individual stage start times on Saturday and Sunday morning at the start platform

Racers will have preassigned start times for all 7 stages.

Late racers will be given the following penalties:

up to 5 minutes late = 1 minute penalty.

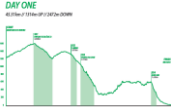

5+ minutes late = 5 minutes penalty

Any racers arriving at the start of a race stage later than 30 minutes after their specified start time, or once all other racers in their category have started, will be assigned a DSQ for the race and should not complete any other stages.

A 1-minute interval will be added every 20-30 riders to allow a clear gap to start riders who have missed their start. All late riders must start, under instructions from the official starter, within each 1-minute gap. There is no fixed start interval between late starters as the goal is to keep late riders racing, without affecting other riders on course. Late starters will receive a fixed penalty

	<p>If a racer is delayed reaching the start as a result of assisting an injured rider or due to some other exceptional circumstances beyond the racer's control (which the rider can provide evidence for), the time penalty may be waived and / or the racer may be permitted to repeat the stage. Any racer affected by a 'significant incident' during a transition or special stage should immediately report to the finish or start official of the affected stage (as applicable).</p> <p>The Race Director has the final right to change start times during the race in case of any unforeseen circumstance.</p>
